Decorative Flooring

Terraflake

- Decorative and tough
- Durable seamless floor coating system
- Easily cleaned
- Non yellowing UV stable gloss topcoat
- Great for interior/exterior application to residential and light commercial areas

Concrete overlay

What is our overlay system?

- Polymer modified cementous compound that cures up to twice the strength of normal concrete
- Decorative and hardwearing flooring system that can be applied directly over existing concrete, no matter the condition

Benefits:

- Cost-effective
- Durable and easy to maintain
- Highly resistant to salt • UV • oil • chemicals • freeze/thaw • stains • mildew
- Unlimited colours, designs, textures and patterns
- Can imitate tiles, marble, slate and cut stone for a fraction of the cost!
